## Breaking the myths: The truth about cancer clinical trials

Featuring Yousuf Zafar, MD,  
MHS, FASCO  
Chief Medical Officer, AccessHope

Wednesday, Nov. 19, 2025  
2:00 p.m. ET

## You'll learn:

- The truth behind common myths about cancer clinical trials
- How expanded trial access benefits patients
- How clinical trials aren't just a last resort—they can be the beginning of the right care
- Insights that can help better understand clinical trials, reduce barriers to care, and advance outcomes in cancer treatment
